

<b><u>Игра :</u></b>	<i>Myth II: Soulblighter [v 1.8.0 Build 427b]</i>
<b><u>Плагин :</u></b>	Expansive Interface
<b><u>Тип :</u></b>	<i>Interface</i>

### **Description**

This interface is a small supplement, created on the basis of the Expanded Interface plug from Pyro.

It has all the elements from the Expanded Interface. How is it different?

+ Change the resolution of the main menu to 1024x768 (for greater convenience when playing on large monitors)

That's all! Let these little things, but it can be useful to someone.
